

CORNWALL PARK DISTRICT SCHOOL

PROPERTY VISION 2019-2021

We strive to be “Better Than Before” in all areas of the school. Therefore, the staff and students have identified these property initiatives and aspirations for improving spaces around our school through to 2021. As our school community want the best possible learning environment for our students, we always consider all sources of funding including Board of Trustees contribution, grant applications (where available), sponsorships, community fundraising in partnership with Friends and Family in order to make these projects happen.

4 SHADE PROGRAM

We value the health & safety of our learners and the shade sails ensure they have a covered space to play in the summer months. Next to our garden we have a wonderful shaded area for learners and families to congregate.
